Incorporating Threshold Concepts into Introductory Biology Classes through Faculty Collaboration

Courtney Baron
Ellen Neufeld
Jessica Robinson
Oxford College of Emory University
Background
Working with Biology Faculty

- Planning Instruction
- Teach 3 Class Sessions
- Advanced Research Workshop
- Research Symposium
Threshold Concepts

- Authority is Constructed and Contextual
- Scholarship as Conversation
Class Activities

- Activity #1
  - Scholarly vs. Popular
  - Primary vs. Secondary

- Activity #2
  - Review of references
  - Differences in citation
